characterized as an "unwarranted assumption of a dominating and browbeating attitude" by the Supreme Court yesterday in granting a new trial to Agostino Borsello, convicted of arson in Amador county. The opinion reversing papers also had this to say: "It is plain the purported confession of Borsello was the result of threats, intimidation, coercion, profanity, investive and mental coercion on the part of the officers, something which the law absolutely refuses to countenance." The man was convicted largely on the strength of this confession.

## WHY SHARPE RESIGNED.

Ellensburg Official Quit Because People Criticized Him for Lambasting Hobos Who Demolished Jail. (BY DIRECT WIRE TO THE TIMES.) ELLensburg (Wash.) Nov. 24.—(Exclusive Dispatch.) Two hobos giving the name of Harry Stanley and Albert Saxe, appeared at Deputy Sheriff F. E. Sharpe's home in Ellensburg yesterday and asked for shelter. Sharpe fed the wayfarers and took them to the village jail, built a fire and made his guests to make themselves comfortable for the night. The tramps evidently slept well, for when they broke they proceeded to attack their good spirits by completely demolishing the flimsy structure. Sharpe appeared at the site of the jail about 3 o'clock with breakfast for the pair, but his birds had flown, and the jail was in ruins. Thoroughly incensed, the deputy returned home, took a horse and set out in search of the intruders. He came upon them a short distance down the track, and threatened both unmercifully. Thereupon several good housewives of the community, harkening to the tale of woe told by the tramps, threatened to call the sheriff to account for his alleged brutality. Because of the criticisms and the harsh joking directed at him, Deputy Sharpe today announced his resignation.

## COST OF SCHOOL BOOKS.

State Senate Committee Will Make Partial Reform at Coming Session of Legislature. (BY A. P. NIGHT WIRE TO THE TIMES.) SACRAMENTO, Nov. 24.—State Senators Broderick, Shanahan and Thompson reached Sacramento today and held a conference with the Governor regarding the State textbook investigation, which the three Senators, as a holdover committee from the last Legislature, have been conducting. The impression seems to have gone forth that the investigation is a mistake, said Broderick. This is a mistake. The special committee named by the Senate to look into the high cost of school books in California will not cease its labors until it has sifted matters to the bottom. The committee was instructed to make a partial report of its findings to the special session of the Legislature which convenes next Monday.

## LET TRANSPORT MEN GO.

Gambling, Bootlegging and Other Crooked Work Disclosed by the Investigating Board at San Francisco. (BY A. P. NIGHT WIRE TO THE TIMES.) SAN FRANCISCO, Nov. 24.—In an effort to break up the ring of whiskey smugglers and professional gamblers playing their trade on the army transport, the investigating board of army officers has dismissed seven employees of the stewards' department of the transport Logan. This action followed the recent discharge of eight of the crew of the Sheridan. Further dismissals are also looked for. Besides selling contraband liquor, often as high as \$5 a bottle, and robbing the soldiers at thimble-rigging games, the gang has also had an extensive habit of making pies out of the government's larder, which would be used further to tempt any conscripted coin from the enlisted men during the long voyage between this port and Manila.

## NON-PROFIT CORPORATION.

Company Organized in San Francisco to Circulate Petitions to Recall Public Officials. (BY A. P. NIGHT WIRE TO THE TIMES.) SACRAMENTO, Nov. 24.—To circulate petitions for the recall of public officials according to law is given as one of the purposes of the Greater San Francisco Progressive Association, incorporation papers for which were filed today in Secretary of State Jordan's office. The objects of the new corporation are: "To participate in all political affairs, municipal, State and national; to investigate alleged grievances against public officials; to prepare and circulate petitions for the recall of public officials from public office according to law; to institute subordinate branches of this association throughout the State of California."

The association is to be a "non-profit corporation," with chief offices at San Francisco. The directors: Dr. A. G. Meyer, Louis C. Powell, Thomas C. Maher, William Tomsky, A. S. Alexander, James Altken and Edward Gallagher, all of the San Francisco.

## IT'S SMITH FOR MAYOR.

Voters of Grant's Pass Have No Choice Save the Three Unrelated Candidates of the Same Name. (BY DIRECT WIRE TO THE TIMES.) GRANT'S PASS (Or.) Nov. 24.—(Exclusive Dispatch.) It's Smith for Mayor of Grant's Pass this coming year. If the voter votes at all for Mayor, he must vote for Smith, for, although there are three candidates, all have the same surname. Dr. J. C. Smith, E. V. Smith and Attorney R. G. Smith were named for the office at a nominating mass meeting held last night. The entire proceedings were concluded in the record time of twelve minutes. The campaign promises to be hot and spicy. R. G. Smith is not a prohibitionist, but says he has the moral courage and ability to give a clean "dry" town if elected. E. V. Smith is Socialist candidate. Dr. J. C. Smith, third of the trio of Smiths, none of whom is related to either of the others, was a member of the last Legislature and has a strong machine of his own. He has been Mayor before.

MEAGER DIET

Industrial Agitators to Go on Bread and Water.

Washington Towns Organize to Keep Them Away.

Five Hundred Special Officers Sworn in at Aberdeen.

A. P. NIGHT WIRE TO THE TIMES.

ABERDEEN (Wash.) Nov. 24.—

Five hundred men, numbering the most prominent in this city, in all walks of life, stood in Elks' Hall this afternoon, raised their right hands and were sworn in by Mayor J. W. Parks as special policemen to "maintain law and order" in Aberdeen and to resist to the utmost a threatened invasion of Industrial Workers of the World, who propose to attempt to force the repeal of an ordinance which prohibits street speaking, except within certain specified limits.

Tonight the streets are under patrol, the white badges of the special police being everywhere in evidence. Guards are stationed on all the roads leading into the city with orders to arrest every suspicious character and turn back all those who can not give a good account of themselves and satisfy the authorities as to their business.

The business men are determined to stop at the very outset the Industrial Workers' proposed campaign. All saloons were closed at 6:30 tonight by order of the Mayor and the order was scrupulously obeyed. Notices were sent out during the day by the City Superintendent of Schools, Arthur Wilson, to parents to keep all children under the age of 13 at home tonight.

The special police were given orders when they assembled at police headquarters tonight to break up any assembly where men gathered in large numbers, to arrest those who resisted and to arrest every man who attempted to speak on the streets, whether within the prescribed limits or not. All men that are arrested are to be given a diet of bread and water until they are shipped out of town. Hoquiam, Montesano, Elma and other towns in Chehalis county will unite with Aberdeen, and there will be no place of refuge in the county for Industrial Workers. The Industrial Workers will be shipped out of the county in box-car lots when sufficient have been accumulated. "With the backing of our citizens," said Mayor Parks today, "we have no doubt that we can maintain law and order. We shall win this fight before it gets started."

HEAVY LOSS IN FEES.  
DEPARTMENT AFFECTED.

(BY A. P. NIGHT WIRE TO THE TIMES.) SACRAMENTO, Nov. 24.—Approximately \$90,000, it was reported today in the corporation license department of the Secretary of State's office, would be lost by the State when the four thousand corporations which failed to pay their corporation license tax go out of existence the last day of this month. Three hundred and four corporations in the State, both foreign and domestic, have been revived—that is, paid their corporation license tax after having been placed on the delinquency list—since January 1, 1911. This number represents payment of approximately \$25,000 to the State in corporation license taxes.

OAKLAND, Nov. 21.—(By A. P. Day Wire.) Mrs. Elizabeth Larkin, who shot Mrs. Mary Shaffer on the evening of October 2, was committed to the State asylum at Ukiah this morning by Judge Wells upon the complaint sworn to by her husband, O. T. Larkin. Dr. E. V. Tiffany, who had been the woman's physician, testified that in his opinion Mrs. Larkin had not been in her right mind for a number of years.

## KEEPING JORDAN BUSY.

Third Ten Million Dollar Company Organized in a Week Is Incorporated by Secretary of State. (BY A. P. NIGHT WIRE TO THE TIMES.) SACRAMENTO, Nov. 24.—The third \$10,000,000 corporation within a week was listed today by Secretary of State Jordan with the filing of incorporation papers for the Merced River Electric Power Company. The chief offices will be in San Francisco. Five Oakland men are named as directors: Leon M. Cove, H. L. Breed, Charles Ross, J. E. Bowes and Milton S. Hamilton.

The business of the company will be in electric light and power, acquisition of water rights, the distribution of water for irrigation purposes, etc. The two other \$10,000,000 companies formed this week were the California Telephone and Light Company of Santa Rosa and the Feather River Power and Irrigation Company.

Water Is Being Delivered in Small Quantities to All Parts of the City—Full Supply Tomorrow. (BY A. P. NIGHT WIRE TO THE TIMES.) SEATTLE, Nov. 24.—The water famine that began in Seattle Sunday when the supply pipes were washed away at Landsburg, is almost over. A small amount of water is now being delivered to residents in all parts of the city, and before morning the water department expects to have the break in the Cedar River pipe line repaired and a full supply of water running through the mains. The warning issued by the Health Department to boil all water because of the dangerous condition of the supply taken from the lakes is generally observed, and there is little fear of an epidemic of typhoid.

## THREE KILLED BY GAS.

Mother and Two Sons Asphyxiated in San Francisco While the Father Is in Europe. (BY A. P. NIGHT WIRE TO THE TIMES.) SAN FRANCISCO, Nov. 24.—Mrs. F. E. Ware and her two young sons, Harley, aged 7, and Virgil, 5, were found dead this morning. All had been asphyxiated by an open gas range. The Wares had moved into the flat only yesterday. The mother and children slept last night on cots in the kitchen. Mrs. A. McCarthy, who has a flat on the floor above, detected the odor of gas and knocked on the Ware's door to learn if gas was escaping there. Mrs. Ware said no. There was no sign of life about the Ware flat this morning and the police were called in to investigate. They found the mother and children dead on their cots. From the stove an open cock was pouring forth the deadly vapor. The police think the cock was accidentally opened, possibly by one of the children. F. E. Ware, the husband and father, is now in Europe on business.

## FIRES SHANNON'S WIFE.

New State Printer Discharges the Chief Deputy of His Predecessor in the Office. (BY A. P. NIGHT WIRE TO THE TIMES.) SACRAMENTO, Nov. 24.—As a result of the appointment of Friend W. Richardson as State Printer, Mrs. W. W. Shannon, wife of the former printer, who had been drawing a salary from the State as his deputy, has been removed and the office of chief deputy State Printer is vacant. Richardson today appointed Robert Alexander to the place of chief bookkeeper. Alexander has been in the office of chief bookkeeper since Shannon was first elected. Richardson announced that George Vice, head of the book room of the State Printing Office, who is also a well-known local politician, would be removed. A successor to Vice has not been named. No other changes will be announced until later. It is probable no chief deputy will be named until after the close of the session of the Legislature.

## TYPHOON HITS LINER KOREA

Passengers Cast Farewell Messages Off in Bottles.

Waves Sixty-feet High Break Over the Vessel.

Los Angeles Whist Devoted Annoyed by Interruption.

(BY DIRECT WIRE TO THE TIMES.)  
SAN FRANCISCO, Nov. 24.—[Exclusive Dispatch.] Caught in what is said to have been the worst typhoon ever experienced off the coast of Japan, passengers on the Pacific Mail liner Korea, which arrived from the East today, believing that the vessel was about to be submerged, cast farewell messages to loved ones into the sea in wicker and tarred bottles.

For two days and nights out of Yokohama, the passengers were in a state of anxiety bordering on panic, while the staunch, big ocean liner was being tossed about by waves sixty feet high, breaking over the vessel and sometimes her stern was high out of the water, and her twin propellers were fanning the air. For more than thirty hours, the vessel was shipping seas.

Among the passengers who cast farewell messages into the sea in bottles was Count G. De Boda De Galemhart, of Paris. Fully believing that the vessel was about to be submerged, he wrote a letter to his wife in Paris, in which he bade her and his children a last affectionate farewell, and, after waiting them with tar, threw them overboard in mid-ocean, in the hope that some time the tide would wash them ashore and they would be picked up by a fisherman or beach-comber on some civilized shore.

Several other passengers followed Count De Galemhart's unique idea, and entrusted farewell messages to the sea.

So fierce was the typhoon, which beset the Korea, that Capt. Fisher was obliged to alter his course and turned back toward Yokohama, going 125 miles in that direction.

Capt. Fisher and officers of the ship went through the vessel from stern to bow, where they were obliged to remain inside of closed portholes, and battered down hatches. No one was allowed on deck when the vessel ran into the typhoon. J. E. Carter, a prominent real estate man of Los Angeles, was one of the card players. He, with other passengers quit the game during the storm, but at 7 o'clock the captain informed them that all danger was passed. Carter nonchalantly inquired what the typhoon was, and the vessel was broken up by the typhoon nearly two days before.

Man Released on Parole from Colorado Prison Is Pardoned and Elected Sheriff in New Mexico.

(BY DIRECT WIRE TO THE TIMES.)

DENVER (Colo.) Nov. 24.—[Exclusive Dispatch.] Twenty years ago Robert T. Mansker was released on parole from the Colorado State penitentiary, where he had been sentenced for manslaughter. Today Robert T. Mansker was granted an unconditional pardon by the Governor, in order that Mansker might accept the office of Sheriff of Union county, New Mexico, to which he was recently elected by an overwhelmingly large majority.

Political enemies at the time of his election proved Mansker was an ex-convict, but, voting in accordance with their personal impressions of the man, the people of Union county elected him Sheriff. He had his ticket. Mansker killed a man in Colorado in 1891, in self-defense, but was sent to the penitentiary for four years. After two years he was paroled, and went to New Mexico, where he legally held the office until pardoned, consequently the pardon.

AUTHOR GETS DAMAGES.

Mrs. Florence Crews Jones Is Awarded \$10,000 Judgment Against a Publishing House.

(BY DIRECT WIRE TO THE TIMES.)

NEW YORK, Nov. 24.—[Exclusive Dispatch.] The Supreme Court yesterday awarded a verdict of \$10,000, the full amount asked for, by Mrs. Florence Crews Jones, and against James L. Perkins, the publisher.

In her complaint Mrs. Jones, an author and translator, alleged that the publisher had used her name, unauthorized, as the translator of a book of short stories by Guy de Maupassant, in which eight improper stories were inserted without her knowledge and consent. The plaintiff based her complaint on the "personal privilege" passed to protect an individual against the use of his name for profit by another.

BIGLOW AND CARNEGIE.

Former Celebrates His Ninety-fourth and Latter His Seventy-sixth Birthday Anniversary.

(BY A. P. DAY WIRE TO THE TIMES.)

NEW YORK, Nov. 24.—Two of the nation's young-old men, John Bigelow and Andrew Carnegie, celebrated their birthday anniversary in New York today. Mr. Bigelow is 94 years old, and Mr. Carnegie, a brave lad in comparison, is 76. They have been close friends for many years, and always exchange greetings on their birthday.

Mr. Bigelow's plans for the day included several hours' work on his autobiography. He smilingly received congratulations today from many sources. Referring to the fact that he and Mr. Carnegie celebrate the same birthday, he said: "Well there is no law against it. At least there was none up to the time we were born. If it had happened there, they, though, there might be. There seems to be a law now against every thing."

The telegraphed reply further declared: "New Orleans merchants 'desire to operate a steamship between New Orleans and California' and the Pacific Coast connection we would be very glad to co-operate and assist in every way."

MILLIONAIRE TELLS OF TROUBLE WITH SHOW GIRL.

Lillian Graham Sheds Tears When Stokes Gives Her Reasons for Refusing Her Request for Money Prior to the Shooting of Stokes in New York.

(BY A. P. NIGHT WIRE TO THE TIMES.)

NEW YORK, Nov. 24.—Lillian Graham, the show girl, who, with Ethel Conrad, is charged with attempting to kill W. E. Stokes, the millionaire horseman, last June, burst into tears in the courtroom today when Stokes declared on the stand that he had refused to give her \$500, because he had married "and the incident might be misinterpreted."

Stokes testified that he met the Graham girl in 1906 and had entertained her the following year. He said he gave her money on several occasions, and, in May, last, he said, she was seeking a position on the stage, and wanted \$500.

"I told her I would not give her a penny," he testified, "that I was married, and that the incident might be misinterpreted." Lillian threatened to kill herself afterward, Stokes said.

Mrs. Stella Singleton, Miss Graham's sister, and wife of a wealthy California mining man, sat through the proceedings and once shook her fist at Stokes on the witness stand. Describing the shooting, Stokes said:

"I was in the apartment of Miss Conrad to get the letters, which she had telephoned would be ready, and was confronted by Miss Graham, who presented a revolver at him and accused him of blackening the reputations of her relatives."

"She told me to write a statement admitting the slander," he said, "and I refused. Ethel told me to draw a check for \$25,000, or I would never leave the place alive."

"Miss Graham said: 'You came in here on the sly. We have three men listening to everything.' I asked Miss Conrad what she was to do. She said: 'Well, I choose death.'"

"They opened fire, the shots struck my legs. The door was locked and I did not have a chance to get out. When the door opened three men came in and began to beat me. The girls shrieked 'murder!'"

B. H. Scheffels and Company Bought Shares for Twenty Cents and Sold for Dollar and a Half, According to Reno Banker Who Acted As Custodian.

(BY A. P. NIGHT WIRE TO THE TIMES.)

NEW YORK, Nov. 24.—Although B. H. Scheffels & Co., whose officers are on trial for alleged misdeeds of the mine, paid 20 cents a share for Rawhide Coal stock, they sold it all the way up to \$1.50 a share, according to evidence adduced in court today.

The government's first step towards proving this was the introduction of the agreement between the Nat. C. Goodwin and the Scheffels company, which it is alleged was later taken over by the Scheffels company.

The contract was made March 3, 1908, and it was testified that the Goodwin company had an option on the greater part of the three million shares at 20 cents a share. Its par value was \$1. The stock was deposited with the Scheffels Banking and Trust Company at Reno, Nev.

Morris Scheffels, president of the bank, testified today that the Goodwin company had exercised its option on thousands of shares. In a paper published by the Goodwin company and later in one published by the defendants, it was testified that the stock was steadily bought, the price at one time reaching \$1.50.

B. H. Scheffels and Company Bought Shares for Twenty Cents and Sold for Dollar and a Half, According to Reno Banker Who Acted As Custodian.

(BY A. P. NIGHT WIRE TO THE TIMES.)

NEW YORK, Nov. 24.—Although B. H. Scheffels & Co., whose officers are on trial for alleged misdeeds of the mine, paid 20 cents a share for Rawhide Coal stock, they sold it all the way up to \$1.50 a share, according to evidence adduced in court today.

The government's first step towards proving this was the introduction of the agreement between the Nat. C. Goodwin and the Scheffels company, which it is alleged was later taken over by the Scheffels company.

The contract was made March 3, 1908, and it was testified that the Goodwin company had an option on the greater part of the three million shares at 20 cents a share. Its par value was \$1. The stock was deposited with the Scheffels Banking and Trust Company at Reno, Nev.

Morris Scheffels, president of the bank, testified today that the Goodwin company had exercised its option on thousands of shares. In a paper published by the Goodwin company and later in one published by the defendants, it was testified that the stock was steadily bought, the price at one time reaching \$1.50.

"I have never been connected with a failure yet, and I can say without reservation that I am more proud of the practical and expeditious accomplishment in the short time that I was in the Superintendent of Bank's office than any other one thing I ever did."

"I am free to admit that I am convinced that many of Mr. Williams' actions that are not prompted by ignorance and incompetency are carryings out the directions of others from whom he takes his orders."

"When I was legislated out of office, I cheerfully turned over its affairs to him as my successor and of the approximate \$90 here in the State, I personally called attention to only three that required prompt, detailed and personal attention from myself. One was the Bank of Shasta County, or was the Kern Valley Bank, and one a small foreign bank. The two former have since gone into liquidation. He has not closed another institution, nor found it necessary to do so. The record alone should be sufficient reply to anything that might emanate from that source."

PACKERS GIVEN DELAY.

(BY A. P. DAY WIRE TO THE TIMES.)

CHICAGO, Nov. 24.—Judge Carpenter, in the United States District Court, made a compromise ruling today on the appeal of nine Chicago packers for a delay in their trials scheduled for Monday. He ruled the trials should open for the examination of jurors, but that no witnesses should be examined until the Supreme Court had ruled on the constitutionality of the Sherman anti-trust law. Judge Carpenter ordered the actual trials postponed until December 6.

that he called at the apartments of Miss Conrad to get the letters, which she had telephoned would be ready, and was confronted by Miss Graham, who presented a revolver at him and accused him of blackening the reputations of her relatives.

"She told me to write a statement admitting the slander," he said, "and I refused. Ethel told me to draw a check for \$25,000, or I would never leave the place alive."

"Miss Graham said: 'You came in here on the sly. We have three men listening to everything.' I asked Miss Conrad what she was to do. She said: 'Well, I choose death.'"

"They opened fire, the shots struck my legs. The door was locked and I did not have a chance to get out. When the door opened three men came in and began to beat me. The girls shrieked 'murder!'"

# CONVICT TWO IN TAR CASE.

John Schmidt and Sherrill  
Clark Found Guilty.

Evidence Against Simms Not  
Taken to Be Sufficient.

Four Confessed Assaults  
Get One Year Each.

[BY A. P. NIGHT WIRE TO THE TIMES.]  
LINCOLN CENTER (Kan.) Nov. 24.—Two of the defendants in the "tar party" case, John Schmidt and Sherrill Clark, late today were found guilty of assault and battery by a jury in Judge Grover's court that had been deliberating continuously since 11:30 o'clock Thursday morning.

A. N. Simms, the third defendant, was acquitted.

Sentence on the two men was deferred to permit attorneys to argue a motion for a new trial.

Earlier in the day in the same court sentences of one year each in the County Jail, the extreme penalty in Kansas for the offense charged, were passed on Everett G. Clark, Jay Water, Watson Scranton and Edward River, confessed assaulters of Mary Chamberlain. These defendants were accused of the same crime as the other men.

In addition to the sentences, the court ruled that the men must pay the costs of the prosecution.

An affidavit was made by attorneys for Pitwater and Clark to have the court entertain a motion to grant an appeal to the Supreme Court on the ground that the sentence was excessive. This motion was not passed on today.

River already was in jail, having been surrendered by his bondsmen seven days ago. The court told the three other men they might have a reasonable time in which to straighten up their business affairs.

Both the convicted and sentenced men took their fates calmly. They were glad to get out of the County Jail. It is expected they will be given plenty of time to arrange their business affairs, as were the other defendants.

When the jury failed to bring in a verdict last night, practically every one had decided the deliberators were in a hopeless tangle of arguments from which they would not emerge. Among those who gave up hope of an agreement this afternoon were all the attorneys for the defendants.

"I'll hold them until tomorrow," he said, "and if there is no verdict then I'll let them go."

Just before the noon hour, the sleepless jurors sent word they wanted to see the judge. There was no sign of a verdict.

The attorneys took their places. Led by Myron Green, the jury filed into the courtroom. "Uncle Myron," as he is called, advanced to the judge's bench, raised his left hand, thumb extended upward by way of salutation, a custom of twenty-five years in the court of Lincoln county, and then retired. Everybody settled down to hear the verdict.

TESTIMONY READ TO JURORS.  
"Your honor," announced the foreman, "we wish to hear certain parts of the testimony of Mr. Simms read again."

The testimony heard, Judge Grover sent for the four confessed assaulters and sentenced them, preparatory to sending the court in order for adjournment.

Some of the accused men offered any reason why they should not be sentenced. The court made no comment on the crime charged. All morning attorneys for the defense pleaded failure for speedy trial, but the court, Prosecutor McClellan demanded the extreme penalty.

Mary Chamberlain was not present. It was said she had thought her verdict hopeless and left town today for Beverly.

O. P. Sanders, one of the jurors, told tonight how the jury arrived at the verdict.

"There was so much testimony to consider," he said, "that it took us a long time to go over it together. Not a single ballot was taken until after noon today, when the jury had been out more than twenty-four hours."

"We spent last time on the case of Sherrill Clark, perhaps, than any other, although it was gone into in detail."

"Then we spent much time on the case of John Schmidt. The principal thing that caused his conviction was his act in shouting to a neighbor to 'come along with me' when he was going out to see the tarring."

The acquittal of Simms does not seem so peculiar when it is considered that only the uncorroborated testimony of Chester Anderson was given against him. The court instructed us that a conviction should not be based on such testimony alone.

"We considered for a moment the alleged bad reputation of Mary Chamberlain when he came to make up his verdict. We were agreed that was not the issue."

Sanders could not remember how many ballots were taken, but he said they were numerous.

CRASHED BY JEALOUSY.  
YOUNG GIRL KILLS HERSELF.  
STOCKTON (Cal.) Nov. 24.—Accused by jealousy, Grover Harris shot Myrtle Metz in the neck with a .25-caliber revolver early this morning on El Dorado street, in front of a restaurant, and then turning the weapon upon himself, put a bullet through his brain. He died an hour later at the Emergency Hospital. The bullet, which entered the girl's neck, came out of her mouth, and she will probably recover.

Harris came late from San Francisco. He was formerly a Southern Pacific fireman and had also been a soldier, collecting at Santa Cruz. He was about 23 years old. Miss Metz was a dancing girl.

The two had a quarrel last night when Harris saw her with another man. She had been dancing away from the scene. Mrs. Kate Metz, mother of the wounded girl, lives in Seattle, at the Red View Hotel, on First avenue. She has been notified.

EXPLOSION KILLS MANY.

Shocking Scenes Follow Accident  
At an Oil Cake Mill in Liverpool,  
England.

[BY A. P. DAY WIRE TO THE TIMES.]  
LIVERPOOL, Nov. 24.—Thirty-three workers are known to have been killed and upward of 100 others injured by a boiler explosion today at the oil cake mills of J. Bebbey & Sons.

The force of the explosion was so terrific that the roof of the mill was blown off, while the walls split and crumbled. An outburst of flame followed.

Nearly 400 workers were engaged in the building. The bodies of those in or near the boiler-room were horribly mangled, some of them being thrown into the streets, with the bricks and debris. Men could be seen at every window with fire rams behind them, frantically appealing for rescue. Fire ladders were quickly at the scene and many men were saved.

The scorched clothing and burned hair of those brought down told of the ordeal through which they had passed.

Many of those who were taken to the hospital are suffering from shocking injuries. Some of them have lost legs or arms and others are generally burned.

New York Girl Who Will Share the  
John Carter Brown Millions Will  
Today Become the Bride of an  
English Nobleman Who Boasts of  
No Wealth—Father an Invalid.

[BY DIRECT WIRE TO THE TIMES.]  
NEW YORK, Nov. 24.—[Exclusive Dispatch.] The wedding of Lord Camoys and Miss Mildred Sherman, heiress to several of the John Carter Brown millions will take place tomorrow afternoon in the home of her father, William W. Sherman, No. 838 Fifth avenue, in Mr. Sherman's sick chamber.

Lawrence L. Gillespie, husband of Miss Sherman's elder sister, said today he had been apprised that the wedding was to take place tomorrow afternoon in the presence of the immediate members of the family.

This arrangement was made at the request of Mr. Sherman, who has been seriously ill for several weeks and is now in the care of four specialists.

Because of Mr. Sherman's illness, the invitations to the formal wedding on December 3 were recalled. Also, Miss Sherman cancelled her dinner to her bridesmaids and Mr. Gillespie called off a dinner to Lord Camoys.

Lord Camoys would make no statement today about the marriage plans. His brother, the Hon. Hugo Stonor, arrived here today on the ship, Maurice Stonor, is on his way across the Atlantic.

The priest who will marry the nobleman, who boasts of no wealth, to Miss Sherman, arrived here from Newport yesterday.

RYCE FOR SECRETARY.  
British Ambassador at Washington  
May Be Named to Succeed Sir Edward Grey.

[BY A. P. DAY WIRE TO THE TIMES.]  
LONDON, Nov. 24.—James Bryce, Ambassador to the United States, is reported, will succeed Sir Edward Grey as Secretary of Foreign Affairs, political circles believing that Sir Edward will resign from the Cabinet November 27, after his promised exposition of the country's foreign relations in the House of Commons on that date.

The resignation of Sir Edward, it is said, should there be any lack of confidence displayed in the debate which will follow the report.

The secretary with which diplomatic negotiations have been conducted under Sir Edward has led to much expressed hostility to his policies, disclosure regarding Anglo-German conversations over Morocco, and statements that the two countries verged on war, giving the radicals ground for protest.

It is thought likely that the resignations of Viscount Haldane, Secretary of War, and Reginald McKenna, Home Secretary, would follow the retirement of Sir Edward.

It is rumored that other difficulties beset the government that while the Prime Minister is under moral obligations to prevent a crisis during the absence of the King, he may be unable to do so.

CONSTANTINOPLE, Nov. 24.—Neutral commerce is seriously threatened by the proposed blockade of the Dardanelles by Italy and Turkey's consequent defensive measures. The ambassadors of the foreign powers are conferring on the subject, as it is believed that Italian action will not be delayed much longer.

It is thought Italy may even try to force the Dardanelles and dictate her terms of peace at Constantinople.

Anglo-German Relations Reported to Be Strained as  
a Result of the Settlement of the Moroccan Affair.  
Berlin Expects an Important Statement in the House  
of Commons Monday.

[BY DIRECT WIRE TO THE TIMES.]  
BERLIN, Nov. 24.—[Exclusive Dispatch.] Public opinion in Germany is absorbed in the problem of Anglo-German relations, which, by common consent, has again become a source of deep concern. Foreign Minister Kiderlen-Waechter's recent statements to the Reichstag committee concerning the part played by England during the Moroccan controversy are regarded as practically amounting to a charge that Great Britain sought to interfere in the negotiations to Germany's disadvantage.

INDIGNATION DIVERTED.  
While to some extent the declarations have diverted popular indignation from Kiderlen-Waechter, they have aroused a new outburst of anger against England. It is concealed no longer that the situation which developed after the sending of a German warship to Agadir verged on war. Even the more cautious and conservative newspapers today admit that the relations of the two powers are worse than at any time in history.

Girl Who Received Stolen  
Ring Is Also Held.

[BY A. P. NIGHT WIRE TO THE TIMES.]  
SAN FRANCISCO, Nov. 24.—Confronted with blood-stained clothing, the hatchet with which the crime is believed to have been committed and jewelry stolen from the murdered man, John S. Rogers doggedly insists that he is innocent of the murder of Benjamin Goodman, a jewelry salesman, found buried beneath a pile of refuse in the commission district Monday morning.

Rogers admits the hatchet, overalls and shoes, all blood-stained, belong to him. They were found today in a telephone booth in the produce house, where Goodman was killed.

ACCUSES OTHERS.  
He accuses Michael Fratinni and John Parmento, both employees of the produce house, of the crime. Rogers declares Fratinni handed him the packet of jewelry stolen from the murdered man, which was found in a deposit box last night by detectives.

Rogers' attitude is one of bravado. "I can face any jury in the world and get away with it," he commented at the scene of the murder yesterday.

Hazel Smith, the woman to whom Rogers gave one of the dead man's rings, is held as a witness.

DOUBT THE STORY.  
The police place no credence in the assertion of Rogers that the jewels surrendered by him yesterday were given to him by a fellow-employee in the commission house, in the basement of which evidence of murder was found.

The hatchet had been hidden under the telephone booth in the office of the San Francisco Produce Company, where Rogers worked.

City Chemist Boucher, who examined Rogers' blood-stained overalls, announced today that the stains were those of human blood. Rogers said the stains were made by the blood of wild game.

CRIME BRIEFS.

STOCKTON, Nov. 24.—[By A. P. Night Wire.] Mrs. Louis La Fot, wife of an employee of the Wagner Meat Company, at their slaughterhouse on the Waterloo road committed suicide by stabbing herself in the throat with a butcher knife. No cause is known for the deed. She left a month-old son.

Aged Woman Suicides.  
OAKLAND, Nov. 24.—[By A. P. Night Wire.] The body of Mrs. Rose Curran, an aged woman, who has been mentally unbalanced for some time, was found by her son, J. T. Curran, this morning, hanging to a transom in her room at their home, No. 1029 Willow street.

Body Taken from the Bay.  
ALAMEDA, Nov. 24.—[By A. P. Night Wire.] The body of a man that had been immersed in the bay for two weeks or more was recovered of Alameda Point this morning. The body is that of a man middle-aged, about 5 feet 10 inches tall, and weighing about 160 pounds. The clothing is of poor quality. In the pockets was found a poll tax receipt issued to T. McGee in San Francisco, March 25, 1911. It is deemed possible that the body is that of the man who jumped from the ferry boat Bay City, Sunday evening, November 12.

HUSBAND BREAKS DOWN.

Sister of Mrs. J. J. Moore Began  
Court to Keep Her Mother's Name  
Out of Case.

[BY A. P. NIGHT WIRE TO THE TIMES.]  
REDWOOD CITY (Cal.) Nov. 24.—J. J. Moore on the witness stand today testified in the divorce proceedings brought against him by Mrs. Lillian J. Moore, broke down and wept when a sister of Mrs. Moore, Mrs. Eastland, rushed up to Judge Buck and begged him to keep the name of her dead mother out of the case. The outburst of Mrs. Eastland created excitement and Moore was permitted to leave the stand, his testimony unfinished.

When the outbreak came Moore said: "My wife told me that I must get a divorce, because she could not quit drinking, and she said that her mother had died from the same thing."

Moore resumed the witness stand this afternoon and denied ever having abused his wife. He declared he still had great affection for Mrs. Moore, and that at the time he had doubted her faithfulness.

At the close of the cross-examination the defense rested its case and Mrs. Moore was called in rebuttal. The taking of testimony probably will be completed Monday.

[BY A. P. NIGHT WIRE TO THE TIMES.]  
NASSAU (New Providence) Nov. 24.—The passengers from the stranded steamer Prinz Joachim of the Atlas Line, were transferred from the Ward line steamer Segurana to the steamer Vigilance twenty miles from Nassau. William J. Bryan in an interview said: "No incident occurred during the transfer of the passengers from the Prinz Joachim to the Segurana. Everything was orderly."

Mr. Bryan made a speech during dinner on board the Segurana. Afterward a handsome purse was collected for the purchase of a loving cup to be presented to the captain.

The Vigilance left Thursday night for Jamaica.

ANGER UNBOUND.  
Anger of the jingoes knows no bounds. The conservative Vossische Zeitung says today: "One fact is clear; our relations with England must soon grow better or much worse. As matters stand they are no longer endurable. They are and have been for months hardly correct."

While it is generally felt that the crisis is over and that no immediate danger exists, peace advocates are admittedly viewing the future with deep anxiety. They are waiting eagerly to see whether the statement which the English Foreign Secretary will make in the House of Commons next Monday will bring out any facts tending to improve the situation.

## CHADBOURNE SLATED FOR KANSAS CITY.

PORTLAND, (Or.) Nov. 24.—(Exclusive Dispatch.) Negotiations are in progress and are practically closed for trading Chadbourne, McCredie's star outfielder, to Kansas City for Jack Love, also an outfielder.

Chadbourne was a free agent when he signed with McCredie, and was able to do so through his friendship for Charley Carr, who was manager of the Indianapolis club of the American Association in 1910.

Carr has lately been employed as chairman of the Kansas City Blues of the same league, and he wants Chadbourne with his club.

Like Chadbourne, Carr is a native of Kansas City. Chadbourne was a free agent when he signed with McCredie, and was able to do so through his friendship for Charley Carr, who was manager of the Indianapolis club of the American Association in 1910.

## SOCCERS MAY GET CHANCE.

Berkley-L. A. Game Likely to Have "Prelim."

Rangers May Meet Picked Aggregation.

Local Boys Expect to Win Main Event.

Although it has not been definitely settled, there is every likelihood that a fast soccer game will be played as a preliminary to the main attraction at the Bowers Field Thanksgiving Day.

Coach Noble said that the soccer men had approached him in regard to such a game, and if the proper financial arrangements can be made the new English sport will be given another chance to be seen.

If the Rangers can be induced to play a picked team from the other clubs the contest might prove very interesting, as the Ranger team is head and shoulders above any of the others individually.

The Los Angeles rosters are very enthusiastic over the showing the team put up when they defeated Polytechnic Thursday night, and they are planning several novel features for the rooting sections next week.

Manager Roberts said that the free admission to the Poly game is going to help out on the coming contest, for many of the people had never seen a real exciting Rugby contest before, and the enthusiasm of the two student bodies as they went wild over the runs and kicks of their team has spread among all the football fans.

Some of the Los Angeles first team men saw the Berkeley High team play when in the North, and they have a good idea of the kind of contest they are going into. The forwards are very heavy and have out-played all their competitors with ease so far this season.

Austin, the first five, is rated by "Boys" the Chronicle Rugby expert, as the peer of any first five on the Coast, college men not excepted. He is very fast and clever and has been the terror to the goal defenders, when he gets the ball.

According to the present plans, the northern men will not arrive until Thursday morning, which will not give them much time to rest up for the game. This proceeding is very illogical to be changed, however, before the time comes, as it seems as though they would be in better shape by coming down the night before.

The blue and white men are all in good spirits after their hard game with Polytechnic and will be out for practice the first three days of next week. The line-up for the crucial test has not been announced yet, and one or two late changes are looked for, as several of the men did not show the best of head work in the Poly contest.

The inquiries for tickets to the game have been very general and everything points to a record-breaking crowd when the whistle blows for the kick-off.

The U.S.C. preps were taken into camp by the second string of the Los Angeles High School yesterday afternoon by the score of 13 to 5. The Los Angeles boys showed their superiority in the passing game and had no trouble in advancing the ball in the first half.

Woodward went over for the first try right near the posts and an easy goal was kicked.

Bowes added the second by receiving after a splendid passing rush and again planted the ball in the center of the posts so that another goal was kicked with ease. The half ended with the score 16 to 0 in favor of the hill-top men.

In the second period the preps took a hand in the scoring business and after a long dribble a try was made by falling across the line. The High School lads came back strong, however, and added a third try when Mitchell picked up from the loose and bucked the line for the required distance.

At the close of the game the ball was again taken across the prep's line, but as the referees had blown the whistle for time the score could not count.

PASADENA.  
MOTHER SEEKS  
HER DAUGHTER.Pasadena the Scene of a  
Spirited Contest.Parents of Youngster Are in  
Divorce Court.Merchants' Association Elects  
New Set of Officers.

PASADENA, Nov. 25.—Although it took a strenuous effort which, in short amounted to nothing less than a pitched battle with fists, in the street with a crowd of onlookers about Mrs. Elizabeth Grinnell, of No. 623 North Marengo avenue, yesterday afternoon prevented a mother from making away with a 4-year-old daughter that had been placed in her charge.

The woman she fought with is Mrs. Anna L. Johnson, of No. 1531 North Raymond avenue. Mrs. Johnson and her husband, D. C. Johnson, between whom divorce proceedings have been pending for some time, have waged a war over the possession of their little girl, Grace, in which yesterday's affair furnished a full measure of excitement. Two calls were sent in for the police, and it required the services of Chief of Police Wood and two other members of the force to quell a riot.

Mrs. Grinnell, who emerged from the conflict disheveled, with a torn sleeve and in much excitement, is an officer of the Humane Society.

According to her story, the mother of the child came upon a day that had been assigned to her to visit her little daughter, which Mrs. Grinnell had placed in the home of Mrs. Elizabeth Reynolds, No. 645 North Raymond avenue. The humane officer herself was in the house at the time reading a magazine. She says Mrs. Johnson did not know this.

The upset was, Mrs. Grinnell says, that as soon as Grace went from the house onto the porch she was seized in her mother's arms and the latter fled toward her parents, Mr. and Mrs. D. Kabra, who were waiting her near by.

"I had four doors to go through," said Mrs. Grinnell after the fray, "but I made them quickly and was after her."

The women had proceeded as far as the corner of Pearl street and Fair Oaks avenue before the one behind caught up with the one ahead, and then by degrees the some twenty neighbors who followed began to arrive breathless upon the scene. The fight is described as having been furious while it lasted, and both women carried away tokens of the conflict in the way of bruises and torn clothes.

Mrs. Grinnell as she ran called loudly and repeatedly, "Eighty-two, police call!"

The first telephone communication reached Chief of Police Wood at 3:30 o'clock and he immediately dispatched Patrolman Shelton and Police Secretary Hunt to the place of disturbance. A second call followed, and the Chief ran from his office, leaped into a rig of the municipal light department that was at the curb and with whip in hand started out at full speed ahead in the wake of the motor car.

When Hax and Shelton arrived the combatants had finished their bout. Mrs. Johnson was sitting on the curb, baby in arms, white-faced and ready to faint.

They started to assist her into the machine when Mrs. Grinnell essayed to climb over the side of the tonneau. She pointed to her Humane Society badge, declaring that she was sole authority concerning the little girl, and defying the policemen to either show their hands or they were really police officers, or else desert.

All persons concerned in the quarrel were finally got to the police station, where Mrs. Johnson and her father and mother, with Grace, took possession of the Chief's office, while Mrs. Grinnell and Johnson, the baby's father, who later arrived, and his brother, R. A. Johnson, of No. 1161 North Los Robles avenue, assembled in the general police office on the floor below.

Later Mrs. Johnson went to Justice of the Peace Dunham's court, but

no action was taken in the matter. Communication was had over the telephone with Judge Monroe in Los Angeles, and all were ordered to appear in court there this morning. Mrs. Grinnell was given the custody of the child in the meantime.

"I will not say," volunteered Mrs. Grinnell last night, "that I am fatally injured, because that is the saddest truth. No bones are broken. But I am certainly injured. And some one tried to wrench my star from me. I am cool. I am not excited. I had to ask the doctor to give me something to stimulate my heart, that is all. I tell them I have reached an age," she is an elderly woman, "when one should be able to take these things coolly. I was doing my duty as guardian of the little girl."

CITY BRIEFS.  
The new board of directors of the Pasadena Merchants' Association met yesterday and elected officers. The vote resulted as follows: F. D. Nestor, president; Joseph A. Phelps, vice-president; A. J. Bertonneau, secretary and treasurer; and E. R. Sorver, assistant secretary and treasurer.

Mrs. O. B. Bruce, Miss May Sutton, Miss Florence Sutton and John Holmes will represent the Crown City at a round robin tennis tourney to be held at the home of Mr. and Mrs. L. C. Brand in Glendale the last two days of this month.

Because some traces have been found missing in portions of the Arroyo Seco, where the city holds options, Mayor Thum has prepared a number of warning notices which will be posted. They are printed in Spanish.

Work will probably soon be begun on the proposed Colorado street bridge across the Arroyo Seco. The architects who are working on the plans and specifications expect to have them ready in a few days. The commission appointed by Mayor Thum to appraise land that the city wants in connection with the bridge has held several meetings and is well along with its work.

Miss Ida M. Welch of No. 67 North Wilson avenue yesterday reported to the police that her purse was snatched from her hand at the corner of California and Oakland streets last Wednesday night. It contained \$5.

Wife of the City Clerk of Santa Monica Passes Away Suddenly While on a Visit.

SANTA MONICA, Nov. 24.—City Clerk G. A. Murray this morning received a telegram announcing the sudden death last night, of his wife at Chertaw, S. C., where she had been visiting for a few weeks with relatives. She was a native of Thompson, O., having been born November 29, 1850. She was married to Mr. Murray March 5, 1874. Four years ago they came to this beach to make their home, in order to be near their only daughter, Mrs. R. C. Silverdale. The body will be brought here for burial in Woodlawn Cemetery.

BALLOT TEACHING.

Senators women electors this afternoon received their first instructions in the handling of the ballot. The lesson was given at a regular meeting of the Pacific Civic Club, following an address by Roy Jones, in which he explained the freholder charter and its shortcomings. R. C. Hannan also spoke in explanation of the Venice school bond election, which has been called for December 1.

The feature of the meeting was the attendance of Doreen, provided by an abundance of toys, who entertained the babies while the mothers studied politics.

Popular Candidate.

DOW FORGING  
AHEAD IN  
THE SANTA MONICA RACE.

SANTA MONICA, Nov. 24.—As city election day approaches it is developing that while there are three candidates in the field for Mayor, the race is really between R. H. Dow, known as the progressive candidate, and W. I. Hull, nominee of the Citizens' Municipal League.

C. N. Green, who is making the race single-handed and alone on a platform pledging himself to labor unceasingly for municipal ownership of practically all public utilities, has long since been eliminated from all estimates. It is conceded that he may consider himself a lucky man if he receives 100 votes.

Dow is at present president of the City Council, of which body he has been a member ever since the adoption of the freholder charter five years ago. His present platform is that of performance in preference to promise, and personal popularity is cutting a considerable figure in the preliminary skirmish. Dow's pledge to the people is that he will give them a progressive, economical business administration, with a dollar's worth of service in all departments of municipal government for every 100 cents of public funds expended.

Such business men as C. D. Midland, W. J. Stadelman, F. E. Bundy, A. W. McKeon, C. F. Schader, B. Suga and others are calling upon the voters to cast their ballots for Dow, pointing out that the election of Hull, who is an avowed prohibition leader and advocate, would be a menace to every interest of a sane resort city.

They point to the recent growth and development of the city under a proper regulation of the liquor traf-

fic and ask the people if they would have this all changed—if they would have building enterprises stopped and capital and homeseekers driven away. The argument is having its effect and daily business men and women who had felt friendly toward Hull are announcing themselves for Dow and progress. They say the election of Hull would be an experiment, and today they are advising their friends and neighbors against the desirability of swapping horses in the middle of the stream. Some of these converts to the support of Dow are temperance people who realize the futility of attempting to place a seaside resort such as this on the "dry" list. Dow is in favor of a wide-open town; nor is he in favor of a closed town. But he says he does not care for the sale of liquor under proper regulations.

Owing to the death a few days ago of the mother of Mr. Dow, there was a lull in political activity, but it is today as if the closing days of the struggle would be lively enough to suit the most enthusiastic. Mass meetings are being arranged, and the women are taking an interest equally as keen as that displayed by the opposite sex. Twice during the week the City Hall has been a half madhouse for Mrs. Dow and now upon receipt from South Carolina of news of the sudden death of Mrs. G. A. Murray, wife of the City Clerk, who is a candidate to succeed himself.

The beach newspapers are all pronounced in their support of Dow, and as Hull is arrested, and the men are taking an interest equally as keen as that displayed by the opposite sex. Twice during the week the City Hall has been a half madhouse for Mrs. Dow and now upon receipt from South Carolina of news of the sudden death of Mrs. G. A. Murray, wife of the City Clerk, who is a candidate to succeed himself.

LONG BEACH.  
NECESSITY IS  
MET BY HERO.Long Beach Man Saves  
Temple from Flames.Rodgers May Make Flight on  
Thanksgiving Day.Case Against Hotel Virginia  
Is Again Postponed.

LONG BEACH, Nov. 24.—The quick wit of R. E. Flower, an employee of the Calahan Furniture Company today probably saved the entire building and contents from destruction, including the Masonic Temple and its furnishings.

Flower was wheeling a truck in the basement when one of the wheels struck a match lying on the floor and ignited it. A spark flew into a pile of excelsior and burlap and in a moment the entire cellar was a mass of flame and smoke.

Flower, not attempting to escape, groped his way to a corner where a fire extinguisher was kept and turned it on the blaze. Meanwhile other employees attracted by the smoke turned in an alarm, and a stream from the chemical engine completed Flower's efforts with a loss of less than a \$100. Flower was almost suffocated by the smoke, but soon recovered after being assisted to the open air.

RODGERS' PLANE.

Lawrence Peters, business manager for Aviator Rodgers was in the city today for a few minutes, and announced that unless present plans go awry, the aviator will conclude his flight from Compton to the ocean on Thanksgiving Day. Rodgers is still on crutches, but thinks he will be able to finish his flight on that day. In order his machine may be boxed and shipped to San Francisco, where he has dates for exhibition flights on the following Saturday and Sunday. Orders were given the mechanics today to rush the repairs on the damaged biplane.

CASE POSTPONED.

Obedient the writ of prohibition issued against him by the Superior Court, Police Judge Hart this morning postponed the Hotel Virginia liquor case until Tuesday next, and excused the jurors who had been summoned by Patrolman Remelt, whose unbiased mind is disputed by the defense. City Attorney Long will resist the action of the defendant, Stanley, and will contend that the Superior Court exceeded its authority in issuing the writ of prohibition.

A tiny morsel of humanity at the Bethlehem Inn in this city is receiving the tenderest care possible of saving its life. A native-born woman, another native daughter.

The babe was born yesterday and weighed but one and a half pounds. It is thirteen inches long with hands and feet like those of a doll and almost transparent, they are so thin. The little morsel is in an incubator wrapped in cotton and lying on hot water bottles. It showed much strength and vigor that this evening the house matron said that the babe would probably live. No name has been selected yet, and the nurses are studying some dainty fairy name for the little stranger.

NEWS BRIEFS.

When the Counties' Committee of the State meets in Los Angeles next January, the delegates, 400 in number, will be entertained one day in Long Beach, a dinner at Hotel Virginia, being one of the features. Secretary Wiggins of the Los Angeles Chamber of Commerce, took the matter up today with the local Chamber of Commerce, and with the hotel management.

Because of delay in presenting the order passed by Council promptly to the Salt Lake Railroad, the time limit it gave the road to remove its spur tracks from California avenue, between Seventh and Tenth streets, will not expire until December 1. In case the road fails to obey the order, street employees have orders to do it for them.

Proposition has been made by the owners of a wild animal show to build a 100 foot wide and 300 feet long. The show would remain here from December 10 to March 1.

Preston Hodges disappeared yesterday from the home of his sister Rose and was found this morning wandering the beach in the vicinity of the inner harbor. He spent the night on the sand, sleeping in the open air.

Clarence Darrow was the guest of honor tonight at the banquet of the City Club at Hotel Virginia, which was attended by 100 guests. Attorney Darrow was introduced by Preston Hodges and delivered an address on "Single Tax."

NICKEL-PLATED THEIR PENNIES.

Three Men Arrested Last Night at San Pedro for Drugging Saloonkeepers.—Pedregal Offense.

SAN PEDRO, Nov. 24.—Three men, who gave their names as John Brown, Hans Oleason and John Farr, were arrested tonight on a charge of putting a nickel plate on pennies and passing them for dimes. Twelve saloon men were defrauded before the arrests were made. The offense is against the Federal laws and the men were locked up, will be turned over to the United States officials for prosecution.

REDONDO BEACH.

REDONDO BEACH, Nov. 24.—The Balloon Route car of the Pacific Electric Railway, which was due here at 11:30 today, was thrown off the track on the Playa del Rey line at Embury street, Redondo Beach. The car was crowded with passengers, who were thrown about, but not seriously injured. The motorman attempted to take the car back when it lurched forward, tearing up the street and track. It was over an hour before it was replaced, stopping all traffic on that line.

## What Ready Money

will do and what it will  
do for YOU at Our Store today

Eisner & Co., tailors, always have the ready cash—and we are always in the market for fine woolsens. We bought the entire output of a famous mill, which amounted to thousands of dollars. We have long waited the return of our foreign representative from Europe; where he has been for the last nine months, selecting fine materials and visiting the largest mills in the country. He has returned with one of the finest lines of woolsens ever shown here or anywhere else. None but the highest-priced merchant tailors can handle such goods. We, being very large woolens buyers, could buy the total output. We bought at absurdly low prices. And we are going to give our many customers who have been buying from us for so many years—and have always been satisfied—the advantage of these woolsens at a price we can safely say is a mere trifle.

FIERCE FIRES SWEEPING  
UP SANTA MONICA CANYON.

SANTA MONICA, Nov. 24.—Again steady advance of the hungry flames last night the canyon fires were burning brightly up the coast and by afternoon dense columns of smoke were rising and drifting far out to sea. The fire seems to be burning more fiercely about two miles inland, in the zone which was swept by the blaze last week. The trouble seems to be in Los Tunos and Los Flores canyons, and those who have interests in the mountains are expressing no fear, as the blaze is surrounded by charred underbrush and will have no good chance to spread. Those who came down today from Topanga say there is no trouble up that way. This evening smoke was seen coming up from a point far up on the Malibu. This is beyond the zone previously touched, but the extent of the blaze could not be accurately determined from here. There was also a blaze in Temescal this afternoon, but it seems to have been checked before any injury was done.

A rancher coming down from the Malibu this evening, said the blaze was going steadily westward on the great ranch, after several days of inactivity. Shoemaker and Newell canyons were reported by him as having been a roaring furnace, with not a tree or house left standing. However, there are but few small ranches, and these not highly improved, in that section. The ranchers were enabled to pack their movable belongings and escape with their wagons and stock. Their number was too small to combat successfully the

This is true to such an extent that English manufacturers, who have dominated commercially for a long time, are becoming concerned at the progress the Kaiser's subjects are making in the manufacture of all kinds of articles.

YOUTH SOWS WILD OATS.

Writes Worthless Checks at San Diego, Which Are Turned Down by Los Angeles Bank.

San Diego, Nov. 24.—[Exclusive Dispatch.] At the preliminary hearing of Everett Claffin Rector, a youth, begun in township court today, the story of a wild plunge into the depths of financial disaster was unfolded.

According to the testimony of leading merchants, Rector used a slick tongue and an imaginative brain by which he gained sums of money varying from \$15 to \$25.

The amounts were obtained on the presentation of checks, each of which was cashed by the Merchants' National Bank of Los Angeles, all alike, and demanding \$25. The checks were purported to be signed by J. W. Williams, who, while assuming the name of C. A. Williams, the defendant declared was his father. Checks cashed by George T. Vernon, Holtzner, W. T. C. Green and others were returned by the banks as worthless.

One of the principal witnesses testifying was W. E. Shipley, assistant cashier and teller of the Merchants' National Bank of Los Angeles, who willingly came here to testify that no person named J. W. Williams ever carried an account in that bank.

Rector is a youth who the officers state is over 21 years old. He has the appearance of being scarcely 17. His father is said to be a respectable business man of Petaluma, Cal. The case was continued.

FROM OYSTER BAY.

NEW YORK, Nov. 23.—[By A. P. Night Wire.] The New York World says today in a special dispatch from Oyster Bay: "Col. Roosevelt finds it difficult to understand the comment that has followed his article in the Outlook regarding national laws and business interests. He has said exactly the same thing many times before. He cannot see why it should be assumed that this article indicates that he is ready to take any personal part in the coming campaign. It can be stated that Col. Roosevelt has received many letters indicating the willingness of the writers to give him political support if such is desired. It can be stated that Col. Roosevelt yesterday received a letter from a certain United States Senator offering the full political support of the Senator in case Col. Roosevelt should wish to be a candidate in the national campaign. To this letter Col. Roosevelt has replied that he earnestly hopes that the Senator will only refrain from any action looking to the nomination of Col. Roosevelt, but will prevent his friends from taking any such steps. No comment would be made by Col. Roosevelt upon this announcement, which he insisted should be made in the third person. He would not name the Senator to whom he referred."

RAPID WORK ACCOMPLISHED.

San Diego and Arizona Railroad Is Being Pushed With All Vigor by the Contractors.

EL CENTRO, Nov. 24.—Rapid work has been accomplished on the construction of the San Diego and Arizona Railroad bridge across New River at Seelye, nine miles west of El Centro. Unless some unforeseen delay is experienced it is expected that the bridge will be completed by the first week in December. Two heavy approaches are to be made on each side, however, and the work will require approximately 25,000 cubic yards of earth. The second pile driving was put on the work today and a crew was sent down from Los Angeles to operate it. Practically all of the roadbed grading on the first completed west from Seelye has been completed and the force that has been engaged on this work will be concentrated on the task of making the approaches to the New River bridge. It is possible, however, that laying of track west of New River will not wait the using of this bridge, but that steel rails and ties will be hauled by wagons from Seelye across the completed bridge at Seelye and that materials will thus be provided for tracklaying all the way to the west end of the bridge. It is expected that the grading outfit assembled here will be allowed to scatter before further work is done.

VALLEY JERSEYS ATTACK.

D. W. Whitting of Heber has sold to George T. Beckers of Los Angeles four of his prize-winning Jerseys which he exhibited at the Imperial County Fair last week. He received \$1000 for the four cows. They will be used to help stock a new dairy farm which Mr. Beckers is establishing near Los Angeles. The Jerseys are of the best grade of stock, and the prices which were paid for them in this sale show the advantage of such a move.

## CONFESSES TO MANY CRIMES.

Youth Operated All Over the American Continent.

Makes Admissions on Eve of His Departure.

Is from a Leading Family of Salt Lake City.

On the eve of the arrival of officers from Salt Lake City to take him back to Utah, where he is wanted on a forger charge, Dean Foster, in his cell at the City Jail made admissions to the police that he had been connected with some of the most daring burglaries, hold-ups and safe-cracking jobs on the American continent.

Foster admits that he has operated from Northern Canada to Southern Mexico, and from New York to San Francisco, having been taken into the police net but once, and then escaping as the result of a woman's desire that he be given another chance.

When arrested Wednesday night by Detective Zeigler, Foster was locked

up on a charge of carrying concealed weapons. He answered perfectly the description of a forger wanted by the police, but until last night stoutly maintained his innocence. Salt Lake officers are on their way to take him back, and are expected here today.

In his confession Foster says he is the last of an original band of six "gun men" to be caught. He says that all his former pals have "gone over the road."

Foster came to Los Angeles on the 9th inst., with \$1700 in his possession. He is the son of Mrs. Mary E. Foster, a large property owner in Salt Lake City. The specific charge of the Salt Lake police is that he forged his mother's name to a check for \$600. He says that he has been following a criminal career for ten years.

Foster was positively identified as the man wanted in Salt Lake by the act that his eyebrows meet. Last night he declared that for several months he had been considering having this mark removed. In fact, he declared he intended having the hairs removed the day following his arrest.

He says that he began his criminal career at the age of 12 years, although it was not necessary, as his parents were well-to-do. His father is dead, having been hurried to the grave by the knowledge of his life as his son was leading. Foster is now close to 32 years of age, and is six feet two inches tall.

After circling the continent several times, Foster says that he returned to Salt Lake City two years ago, and was there arrested for the first time in his career. He was doing a second-story job, and when he attempted to make an escape he was shot twice, once through the shoulder, close to the heart, and in the wrist. A man and his wife were in the house, and when he heard the man approaching he backed to a screen porch, dropping his gun. He was in the hospital six months. Because of the promise of his mother and his promise to reform, the wife of the man whose house he entered begged her husband not to prosecute.

According to his statement, which is backed up by the records of the Salt Lake police, Foster had a diamond necklace, valued at \$4000, in his mouth when arrested. He hid it at the approach of the man who shot him.

He last night declared that he will engage an attorney and fight extradition. He says that he realizes if he is taken back to Salt Lake City he will be sentenced to a long term in the penitentiary.

Coroner's Verdict on Former Insurance Man Shows He Took Drug While Temporarily Deranged.

Coroner Hartwell yesterday returned a verdict of death by chloroform poisoning, done while in a state of mental irresponsibility, in the case of T. V. Harrington, formerly superintendent of the Metropolitan Life Insurance Company of California, who died in the Receiving Hospital, Thursday evening.

It appears from the statement of Mrs. Harrington, who lives at the family at No. 1119 Santee street, that the former insurance man had suffered ill health for about two years, the length of time since the family

San Francisco Woman Factor Unexplained in Case.

"Didn't Try to Escape; Glad It's Over," He Says.

George S. Loudon, 24 years of age, until recently postmaster at Elk River, Idaho, was arrested by Postoffice Inspectors Fullenwider, Gray and Knox, at the Sherman House, clear store on West Fourth street, yesterday, as a fugitive from justice. Loudon was arraigned before United States Commissioner Dyke and bond fixed at \$2000. In default of bail he was sent to jail. The proceedings before the commissioner will only have to do with his removal to Idaho.

The charge against Loudon is that as postmaster at Elk River, he embezzled government funds amounting to \$4500.33. The chase for his ap

## LARGE INHERITANCE TAX.

State Is to Receive Nearly Forty Thousand Dollars from Angelino Who Died Last May.

From the \$7,000,000 estate of the late John D. Hooker, who built his fortune on a 1900 foundation, his sole resources when he came here a number of years ago, the State is to receive \$38,771.15 in inheritance taxes. Appraiser Frank Sprout filed a report to this effect yesterday in the probate office.

Hooker's will cared handsomely for a large number of relatives, although his wife was not mentioned. This was because he settled a large sum on her a few months before his death, which occurred last May.

Hooker had large holdings in a number of Los Angeles industrial and financial enterprises. He left a considerable amount of his fortune to charity.

If Used, Defense Will Make It Ground of Appeal.

Eight Sworn in Now; Three May Be Excused.

Judge Dordwell announced yesterday afternoon he had decided to give the request of Dist. Atty. Frederic for a thirteenth and a fourteenth juror in the McNamara case. An attempt to use either of these men, defense attorneys assert, will be one of the grounds upon which they will take the case to the United States Supreme Court, if necessary. The defense has no particular objection to fourteen jurors being sworn in as the two extra ones sitting in the courtroom throughout the introduction of evidence. But the objection will be raised if one of the extra men is placed

The Eight Jurors Thus Far Sworn for the Trial of J. H. McNamara, the Alleged Dynamiter. From left to right they are: Byron Liak, F. D. Green, R. F. Bain, William J. Andre, F. A. Brode, J. B. removed her from the East. She told the Coroner that when she returned home in the evening her husband seemed depressed. She saw him go to the kitchen, where chloroform was kept for cleaning, but had no idea that he contemplated self-destruction until after he had swallowed the drug.

She hastily summoned the police and every effort was made to resuscitate Harrington by the police surgeons, but in vain.

## SMOKES THEM OUT.

Apartment House Tenants Frightened by Oil Fire in Basement. Proprietor Arrested.

The Morningglade apartment house, No. 301 South Boyle avenue, was converted into a bedlam of screaming women and children at 5 o'clock yesterday afternoon by a fire in the basement, where George McFadden, proprietor, had gone to light the oil heater. McFadden let the oil run over the floor, and it was ignited, sending smoke through the building and causing a general panic among the inmates.

While most of the occupants were running and screaming and throwing all manner of household articles through the windows on the lawn, one woman turned in the fire alarm and rang for an officer.

The use of chemicals extinguished the fire, which had not gotten out of the furnace room.

McFadden, who had been dragged, panting and with blackened face, from the furnace room, was arrested on a charge of intoxication. He put up a vigorous fight, and he was handcuffed and taken to the Central Police Station.

## Temper and Teeth.

SIX BITTEN BY A DOG, RIOT CALL TURNED IN.

IN AN effort to subdue Charley, a bull terrier belonging to Mrs. Ed Sharkey of No. 512 Echo Park avenue, who became peevish when a stranger called him Fido and made a pass at him with a cane, a riot call was turned in at the Central Police station shortly after 6 o'clock last night. Before the patrol wagon and a squad of officers arrived, Charley tasted the flesh of six persons and met his fate at the hands of an unidentified man, who killed him with a chair.

Charley was ailing himself in front of the Sharkey home when a man with a cane came along. The man stopped at the sight of the bull terrier, swung the stick at him, and said: "Beat it, Fido." This was too much for Charley and he made a jump for the man. At the same time Mrs. Sharkey opened the front door and called to the dog. Charley turned from his intended victim to his mistress as he rushed past her he bit her on the ankle and arm.

prehenion has extended from his home town to Spokane, Seattle, San Francisco, this city and Venice. Loudon, accompanied by a woman who he says is Gladys French of San Francisco, arrived in Venice on the 14th inst. They took a home on the beach, where they remained until the arrest of Loudon. Soon after coming to Los Angeles he invested \$700 in the clear store in the Sherman House.

Loudon made a clean breast of the whole matter, and gave Inspector Knox a check on the Central National Bank of this city for \$445, the amount he still had to his credit after paying for the clear store. He said that he had no desire or intent to get away and knew that he would be captured sooner or later. He says he is glad that the strain is over.

## TWO YEARS IN OFFICE.

The young man said that he is originally from Michigan, and that he had lived at Elk River for about four years. He entered the employment of the Potlatch Lumber Company at Elk River and two years ago was appointed postmaster of the town, one of about 1000 population.

About the time of his appointment as postmaster he married Mary Deery daughter of William Deery, a wealthy lumberman of that section. After the birth of a son there was trouble in the family, and Loudon blames his first deviation from the path of rectitude upon this.

The stealing of the postal funds began some time before his hasty flight from Elk River. At that time he was more than \$2000 short, and when he went away he appropriated \$2000 more, according to the statements of the postoffice inspectors having the matter in charge. Loudon says that he left his home with another young man, intending to come only as far south as San Francisco, but that while making the trip on the boat from Seattle, he fell in with Mrs. French, who traveled with him to Los Angeles. Loudon says that the parents of the woman are in San Francisco, so far as he knows.

## CHERCHEZ LA FEMME.

The statements of the postoffice inspectors indicate that perhaps Loudon did not tell the whole truth as to his connection with the French woman. The testimony seems to point to the expenditure of a large amount of the missing funds either on her or others.

Loudon declared that he had no intention of fighting extradition, but would return at once to the scene of his troubles.

Postoffice Inspector Fullenwider of the Spokane division, who led the chase for Loudon down the Coast, expressed the greatest sympathy for the boy. He said he was one of the finest civil engineers in Idaho, but had not started wrong. According to the inspector, the father of the prisoner, Geo. George Loudon, who is now in the insurance business in Minneapolis, was made acquainted with the boy's shortage some time ago, and as one of his bondsmen refused to make it good, saying that he had spent \$11,000 on the boy. Instead of paying the bond, he informed Fullenwider that he would be willing to put up some expense money to catch him.

## SYSTEMATIZED SANTA CLAUS.

At a meeting of the directors of the Associated Charities yesterday, a systematic plan was elaborated for the distribution of Christmas gifts to the needy children of the city. It is one calling for the collaboration of all the local philanthropic bodies in order that there may be no seeming discrimination or duplications in the list of beneficiaries. It is the desire of the body that those knowing of children who should be on the list shall forward the names and addresses of such as soon as possible.

upon his own reconnaissance until December 7, when he will have his hearing.

"I didn't know the cider was adulterated," said Warn. "I bought it of the National Bottling Works. They told me it was pure apple cider, and I didn't believe it. I still believe it. Warn has said his store and is working by the day. He said yesterday he was not going to employ an attorney.

"My word is just as good as theirs," he added. "I am simply going to tell them I bought the cider for the pure goods, and that settles it as far as I am concerned. I haven't money to hire a lawyer. And I am not going to either."

Frank Oakley swore to the complaint. It is based on a sample of cider purchased May 13.

## MANAGER FOR UNION LEAGUE.

Harry A. Gorden has been secured by the Union League Club to take charge of the affairs of the club on December 1. He will be known as the manager, and will have entire charge of its business affairs.

An appeal of the case by the defense to the highest court in the United States is possible only in case of a conviction.

There is a possibility a higher court may be asked to pass upon the question of what constitutes a man's position under the statutes, is supposed to be tried by a jury of peers. The jury must be composed with one or the extra men would remedy matters in the least, the argue.

(Continued on Sixth Page.)

George S. Loudon, Embezzling Postmaster, Of Elk River, Idaho, arrested in this city yesterday as a fugitive from justice. After he was taken into custody by the postoffice inspectors, he made clean breast of the matter and turned over the balance of the loot, amounting in all to \$4500, which remained to him after making various lawful claims. He will be returned to Idaho.

# Public Service: City Hall, Courts.

**SUMMARY OF THE DAY.**  
The Board of Public Works has approved the plans for improving three down-town blocks that pioneered the asphaltic pavements in this city and the Court.

Twelve hundred dollars for a toothache is the price which a dentist is trying to be relieved from paying, a young woman asserting that he broke a broach in her tooth.

**At the City Hall.**  
**OLDEST STREETS GET NEW DRESS.**

**PIONEER BITUMEN PAVEMENTS TO BE TORN UP.**

Plans of Inspector of Public Works for improvement of three blocks First, Second and Third streets, between Olive and Broadway, are before the Board of Public Works yesterday afternoon.

Three of the oldest-paved blocks in the city are to be torn up and a new modern pavement laid, as the result of the report of Inspector of Public Works, H. H. Hansen, to the Board of Public Works yesterday afternoon.

Twenty-two years ago bituminous pavements were in their infancy on this coast. The tar pavement had been tried, wood pavements, wooden blocks and planks, and gravel, and cobble—everything except paving brick and asphaltum. Then a great discovery was made in Santa Barbara, of thousands of acres of natural asphalt. How to use it was something that was to be discovered, but at first it was laid on the streets as pavement in just the shape it came from the ground, after heating.

Los Angeles was the city that pioneered the way. There were jokes about horses stamping holes through the pavement in the course of an hour, so, but Los Angeles clung to her tried paving. In time the proper proportion of the mixture to mend and other elements in the mixture was arrived at by the engineers, and the new coat benefited by the street work was here.

Three of the earliest blocks to be paved to asphaltum pavements were First, Second and Third streets, between Olive and Broadway, and between Olive and Broadway, between Fifth and Sixth streets. They were without the constantly-increasing traffic of today, but now their surface has been found, according to Hansen's report, and it is time to replace the old pavement.

The surface, Hansen told the board, had badly ravaged, the coating is thin and the surfacing is hard to keep up, the base is broken rock. Broken rock did very well for Los Angeles in 1881, but it was not a good thing to have a base that had not been replaced in twenty-two years can't get along with such a foundation. It is entirely inadequate as a base, Hansen says, and the board agrees with him.

**WILL GET CURVE.**

**SIXTH AND MAIN STREETS.**

The curve asked for by the Pacific Electric Company at Sixth and Main streets was decided upon by the City Council yesterday and the franchise will be advertised for sale at once. The company's representatives told the board that this would result in greatly relieving the present congestion on Main street and that El Monte cars would be run along a new route by means of this curve.

The Board of Public Utilities' action was taken up with street railway lawyers, too, and the application of the Los Angeles Railway Corporation is a curve at Avenue 10 and North Broadway was set for a public hearing next Wednesday afternoon. At the same time there is to be a public hearing of the effort to obtain a real car service on San Pedro street between Seventh and the Plaza, and to Wilcox spur track petition. The ward held the general spur track ordinance for further study.

**Wharf for Fishermen.**  
Plans for the fishermen's wharf at San Pedro have been completed by Assistant Chief Engineer Vincent of the Bureau of Harbor Improvement and he submitted them yesterday to the Advisory Committee for approval. There was no quorum of the committee and no action was taken. The wharf is to be established on a small island just south of the old Lake Railway Company's wharf.

**Aqueduct Bids.**  
Bids were opened for the electrical machinery for the power-house in Francisco Canyon on the product at the meeting of the Board of Public Works yesterday. Three are received and were referred to Electrical Engineer Scattergood to be submitted and returned to the board for further consideration.

**Arroyo Seco Petitions.**  
The City Beautiful Committee appointed by the City Club started the all-relying yesterday afternoon at the City Commissioner's office for the Arroyo Seco Park. It was decided to set out petitions at once in all that street adjacent to the proposed park included in it, lying within the city limits of the city.

## TWELVE HUNDRED FOR TOOTHACHE.

**X-RAY PHOTOGRAPH OF MOLAR AN EXHIBIT IN CASE.**

Dentist Secures Re-Hearing of a Suit in Which He Was Ordered to Pay His Patient Damages—Young Woman Asserts He Broke Broach in Her Tooth.

Cornelius Baldwin, a dentist, is making a strenuous legal fight before Judge Finch in extra session of the Superior Court to escape paying \$1200 for a toothache.

Miss Flora M. Hibish is the person who engaged (?) the toothache. She was awarded judgment for \$1200 against Baldwin last spring, on the ground that he caused it by breaking a broach while treating her tooth, leaving a piece of steel in the affected molar.

After considerable skirmishing, Baldwin secured a new trial of the action, charging that he never used an instrument with a point like the plaintiff proved was left in her tooth. An X-ray picture of the tooth is an exhibit in the case. It shows the piece of steel plainly. Baldwin asserts that the shape of it shows it is from a jeweler's broach. He says he never used this kind of an instrument, but a bar or broach broach. He therefore charges that some other dentist must have given Miss Hibish the toothache.

Judge Finch took the case under advisement.

**BUTTS RIGHT IN.**

**WHEN TURNS AND EXITS.**

Burst in through the double doors of the grand jury room, where Judge Finch was holding extra session of the Superior Court yesterday afternoon, a broad-shouldered, genial, bearded man glanced about him and loudly exclaimed:

"How are you, gentlemen? Can any of you tell me where I can find a telephone?"

The court was in the midst of a damage case and the unceremonious shattering of the peace and quiet that the law holds must be kept by all but interested parties, caused all in the room to stare.

"Hey!" cried Clerk Whitehead, in a stage whisper, nodding at the court and motioning the unexpected visitor to silence. The next thing the broad-shouldered man knew he was out in the corridor listening to what might occur to him for contempt of court.

Judge Finch took the intrusion good-naturedly, but to prevent further interruption ordered Whitehead to summon a bailiff from the Sheriff's office.

**LEFT MINUS FUNDS.**

**NOW SHE'S GRASS WIDOW.**

Her marital dream shattered by the discovery that her husband is a gambler, left penniless and friendless in a foreign country, Lillian Moran squared accounts with Frank R. Moran by divorcing him in the Superior Court yesterday.

Mrs. Moran, a Los Angeles girl, was taken by her husband shortly after their marriage about three years ago, to Ottawa, Can. He spent practically all of his time at gaming tables, she asserted, and then, in search of larger returns, took his wife to the mining camp of Cobalt.

There Moran's luck broke. He got into dire straits, and finally fled the town without even saying goodbye to Mrs. Moran. She went to work and gradually made her way to Toronto, where she fell sick. Her parents learned of her misfortune, and sent her money to return.

Mrs. M. J. Florence, who met Moran in Portland, eight months ago, said he asserted he never would support Mrs. Moran. She also introduced a clipping from a northern paper telling of Moran's arrest a short time later for cheating at cards.

Judge Monroe granted the decree for divorce.

**BILL OF DAMAGES.**

**OWNER SUES RENTAL AGENTS.**

In his second amended complaint in a suit against Wilson & Fox for damages, for injuries to his property by an alleged irresponsible tenant, Richard Fast Hemmes the sums he seeks to recover. The list follows:

Value of personal property ruined, \$500.  
Pantry pigeons and chickens, \$100.  
Lawn, shrubs and flowers, \$100.  
Deterioration of real property, \$100.

Fast sums up his damages at \$2500, placing the valuation of the property he rented through Wilson & Fox, which is No. 1234 West Thirty-seventh street, at \$15,000.

**CAN'T STOP IT.**

If applicants are entitled to a permit to run a gasoline engine, it does not make any difference whether they run with that engine a fog-horn, a tin whistle or a callopie. This is the news that was conveyed to the City Council yesterday afternoon in an official letter from Secretary McKee of the Fire Commission.

Residents of South Park avenue between Thirty-ninth and Fortieth streets have complained to the Council of a callopie run by a gasoline engine for an amusement, causing the Council wanted to know who issued the permit, hence McKee's reply.

**Would Be His Guardian.**

Dr. Sumner J. Quint of the Receiving Hospital yesterday, through Culver & Allen, filed a petition in the probate office, seeking to be appointed guardian of Ed Kern, former Chief of Police, recently committed to Patton. He is being treated there for chronic alcoholism.

Quint's attorneys set up that lack of experience in business affairs prevents Mrs. Kern from properly looking after her husband's interests.

H. Sherman, Investment Company of California, capital \$500,000, subscribed \$50,000, incorporators M. H. Sherman, H. P. Sherman, A. I. **Jury Disagrees.**

In the case of Frank Vitall, charged with the murder of Santti Sotille in a lodging-house on Avenue 20, near North Main street, a jury in Judge Willa's court yesterday disagreed. Vitall is an Italian, as was the man he killed. Sotille was found dead in the lodging-house hallway. The defendant admitted having shot him down, but asserted he mistook him for a burglar. There were no eye-witnesses to the shooting.

**REVERSES LOWER COURT.**

**Supreme Tribunal Renders Judgment in Favor of Plaintiff in Suit Involving Land Sale Contract.**

The Supreme Court yesterday reversed the decision of the Superior Court in favor of the plaintiff in the action brought by Jacob Rheingans against Oscar B. Smith and E. L. Hopper & Son, involving a contract for the sale of a large tract south of the city.

The plaintiff sued to cancel a contract executed by the defendant and to quiet title to the property involved. The contract was made November 23, 1909, and by its terms Rheingans agreed to sell to Smith certain land for \$185,000, of which amount \$100,000 was to be paid by check immediately, \$40,000 on the completion of the title, \$31,500 in six months, \$60,000 June 1, 1913, and \$60,000 June 1, 1914. Fraud was alleged on the part of Smith, and the lower court gave judgment accordingly.

It was shown that Rheingans had given E. L. Hopper & Son an option to buy the land for \$155,975, to be exercised within ninety days, one-third of the amount to be paid on the execution of the deed and the balance in five equal payments. It was asserted that Smith knew of this option and its terms. November 23, 1909, Smith represented to Rheingans that he had expired November 23, and that Rheingans was free to sell the land to Smith. The option given Hopper & Son did not expire until November 30, 1909.

**INDICTMENT RETURNED.**

The United States grand jury yesterday returned an indictment against Alfred Cohn, the postoffice clerk charged with stealing from the mails, in five equal payments. The indictment was returned in the United States District Court Monday morning. The indictment charges that Cohn abstracted from the mails a certain letter addressed to W. E. Cheney of Oxnard, Cal.

**BANKRUPT PETITION.**

Haynes Brothers, comprising Clarence E. and Emmett L. Haynes, filed a petition in bankruptcy in the United States District Court yesterday. The liabilities are \$9,454.11, of which \$2,779.14 are unsecured. The assets are \$11,555.

## CHARTER GIVES PEOPLE FULL CONTROL OF WATER.

**JOB HARRIMAN'S** chief perversion of the truth in his speeches is his allegation that it is the purpose of the present administration to give away the water of the Owens River aqueduct or to sell it to favorites, and that the "hands of the despoilers" are "grabbing" it from the people, and that "not one drop of it will reach Harriman and to any one else who other disposition of the surplus water is found in two sections of the city charter, which says:

**IN HANK'S FAVOR.**  
The District Court of Appeals has affirmed the decision of Judge Harvey of the Los Angeles Superior Court in favor of the First National Bank of Los Angeles against W. L. Mulford and others, and the Los Angeles Paying Crick Company, involving the foreclosure of two mortgages, given to secure a loan. The court below made an order that certain chattels should be sold to satisfy the debt, and that if enough was not secured real estate should be disposed of to supply the deficiency. The defendants objected to the real estate feature of the judgment which, however, was approved in the decision.

**MODIFIES DECISION.**  
The marital troubles of Mr. and Mrs. Samuel Sheppard, who figured in the divorce case last year, were received yesterday when word was received that the Supreme Court had modified the decision of the Superior Court of this county with reference to the satisfaction of the judgment for alimony. Mrs. Sheppard was allowed \$80 a month for her support by Judge Moore in the divorce action. The couple is very old. Sheppard was formerly a Methodist circuit rider in West Virginia.

at one time as the foremost actor in grand opera, but now the possessor of manifold talents. Mr. Sheehan will play the role of the Indian in the play "The Arrow of God," and it certainly kept its place in the regard. The scenic impression of the play was complete, and the performances which creep into the performances on the purely dramatic stage. The pictures were of dramatic and artistic. As for the actors, they were of high standard of excellence, and the play which is expected as the most successful of the professional season, is not demanded of the amateur, and a clear reading of the play.

The readers are Georgia Moore, Ruth Jenks, Mae Wild and Frank Jenkins. When Harry Corson Clarke appears at the Lyceum the week of December 10 he will present, in addition to "His Absent Boy," a curtain raiser called "A House Divided." This little play was given by Mr. and Mrs. Clarke at the Grand Theatre, Hull, England. The occasion was a charity matinee, given by the Hull Cinders Club. The bill was a notable one in many respects. The screen scene was given by "The School for Scandal" was given by Miss Muriel Wilson of Tranby Croft, Viscount Duncannon and Capt. Clive Wilson. A most distinguished audience warmly greeted the efforts of the artists. Mme. Scarcely possible, is it to outline in a general way the scope of weaves, colors and styles that will comprise the assortment—suffice it that they are the "bolt ends" and "counter-remnants" of silks in the popular demand within this very month—sufficient voucher for their seasonableness;—and include—

—both plain and fancy fabrics,

## SIFTING PLANS FOR HIGHWAYS.

STATE COMMISSION HERE ON ITS RETURN TRIP.

In Getting Familiar With the Country With View to Ultimate Selection of Best Route for Eighteen Million Dollar State Highway, Two Great Highways.

The State Highway Commission reached Los Angeles yesterday on its return trip from the southeastern part of the state, where the members journeyed by automobile for the purpose of a preliminary view of the country with a view to the ultimate selection of the best route for the \$18,000,000 state highway, which will extend from Monterey and Kern counties to El Centro and Calexico by way of San Diego.

Accompanied by their engineer, the commissioners left Los Angeles Monday and went by way of Fullerton, Anaheim and San Juan Capistrano to San Diego. Then they proceeded over the grades and through the sand to El Centro, Holtville, Brawley and other towns in the Imperial Valley, reaching the Mexican border at Calexico. The commissioners met the Garford party touring train, en route from New York to Los Angeles.

The return trip was over the same route to San Diego, then by way of Banning, Redlands and Riverside to Los Angeles. The next trip is to be through the San Joaquin Valley, after which the commission will make tours through the northern part of the state before proceeding to the serious task of hearing the recommendations and suggestions of those interested in the routes to be finally selected. After these have been received and considered, a second tour will be taken, after which the engineers will make surveys. These, in turn, will be canvassed with a view to estimating the cost and feasibility of the various routes proposed.

There are to be two highways of state length. From Monterey county the coast route passes through Paso Robles and Santa Maria. One of the available alternative routes between the last-named point and Santa Barbara, thence by the Lincoln route to Ventura. If the recommendation made by Ventura county routes consideration the route from Ventura south by way of the Malibu ranch will be disregarded and the road will follow the Ventura county road, and the Canby grade to Calabasas, thence by way of the Ventura road to the foot of Calabasas Pass, to connect with the road built by Los Angeles county. From Los Angeles the route is by way of the Whittier or Norwalk roads, through Fullerton and Anaheim, thence south, through San Juan Capistrano and Oceanside to San Diego, thence to the international boundary at Tia Juana.

The inland route through Kern county, Lancaster, Bouquet Canyon, to Saugus and the Newhall tunnel. Then the San Fernando road is followed through Montclair, La Grana, and La Canada to Pasadena, then along the foothill route to San Bernardino, Highlands, Redlands, Temelec, down through Escondido to San Diego and then by the most practical route through the mountains to El Centro and Calexico.

The commission is composed of Charles D. Hanes, San Jose; Burton Towne, Los Angeles; and N. D. Darlington, Los Angeles. A. B. Fletcher is the engineer.

Not any part of the proposed highway will be selected until the final survey shall have been made," said Darlington last night.

TOWA'S LOSS IS OUR GAIN.

Hawkeyes Leaving Native State to Settle in Southern California, the Land of Their Dreams.

The cause for the depopulation of Iowa as established by the last census is not hard to discover, according to John H. Cook, for more than twenty years special agent for the Chicago, Milwaukee & St. Paul Railroad, who registered at the Angelus yesterday from West Union, Iowa, and who brought with him a special coach which carried twenty-eight Iowans who expect to remain in Los Angeles for the entire winter.

"That is the way the Iowa people have been coming to Los Angeles during the last ten years and they are continually increasing the number who travel here and remain," he said. "I am going to bring out two other parties of the same size before the end of the winter."

The thing which pleased Cook most was the fact that he has already secured reservations for a twelve-coach special train, which will come to Los Angeles at the time of the G.A.R. convention in September of next year.

"According to reports of the State of Iowa, about 15,000 veterans of the Civil War to be about," he said, "and they will certainly be well represented here."

Cook is a national officer of the G.A.R. himself and during the war served in the Thirty-third Regiment, Iowa Volunteer Infantry. He said that enthusiasm for the Los Angeles convention was greater than for any convention he has heard of for several years for the simple reason that it was being held in this city. "The name of Los Angeles seems to act like a magical word upon the minds of the people through the East and they are all ready to travel across mountains and deserts to reach this goal."

VOTER HELD BY COURT.

Socialist's Registration Paper Shows Discrepancies and Gets Him Into Trouble.

W. F. Stock of No. 226 East Thirtieth street, arrested October 31 by Deputy Constable Adams on the charge of having illegally voted, was bound over to the Superior Court under \$500 bonds by Justice Young yesterday afternoon.

It is alleged that September 11, Stock was living with his wife at No. 259 Mills street, precinct No. 210. On October 13 he and his wife separated. He went to his present address before, which is in precinct No. 201. On October 21, Stock voted in precinct 201. He went to present address he was told to re-register, which he did on November 4, going to Socialist headquarters for that purpose. The registration blank was dated October 4. William Thomas Jr., Socialist worker, who filled out the blank, was not deputized until October 15. That gave rise to the supposition that deputies were registering people before they had the legal right. But Thomas made it clear on the witness stand
